Dear High School Principals and Guidance Counselors,

The BSL Educational Foundation Inc., is interested in community leadership, not only for today, but for tomorrow as well. The students in your school will, in a very few years, be assuming some of your community's leadership roles; we know that you are training them for the task.

The BSL Educational Foundation Inc., would like to help. The event itself, described below, and all its associated materials and food, are **FREE!**

**We are inviting your students to participate in our annual "Go-to-High-School, Go-to-College" leadership day at Trinity College.** The "Go-to-High-School, Go-to-College" program, established in 1922, concentrates on the importance of completing secondary and collegiate education as a road to advancement. Statistics prove the value of this extra impetus in making the difference in the success of young people, given that school completion is the single best predictor of future economic success. Through the "Go-to-High-School, Go-to-College" education initiative, young men and women will receive information and learn strategies that facilitate success.

### **The Ask:**

Please select students from your school that you feel would best benefit from this unique and powerful experience. Please remember that this program is designed to give students an opportunity to develop leadership skills and to acquire characteristics, attributes and attitudes needed for success in the workplace and higher education. Once you have selected the students from your school who you feel best meet this profile, please encourage them to fill out the application form: <http://www.bsleducation.org/programs/go-to-high-school-go-to-college/> and complete the registration form, that is attached to this email.
